1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

The IQAC has designed an effective feedback system to assess the academic performance of the faculty members of all subject disciplines. This will ensure an effective implementation of the academic curriculum through departments to various stakeholders. The feedback mechanism was designed to evaluate various parameters and a major weightage was provided for teaching, learning, evaluation and research satisfaction survey and was graded by students, parents, employers and alumni during assessment. The report obtained was assessed to observe the suggestions and will be employed for reformatations to effectively increase academic performance. The University has developed a formal mechanism to get feedback from students regarding the curriculum and teacher performance. The IQAC director with their team, department heads and feedback analysis team collects feedback on curriculum periodically. The suggestions and comments collected from the feedback was used to revise the academic curriculum accordingly. Also the university and its departments make use of Review meetings of MOUs between University and institutes/research organisations wherein experts of national and international repute participate and give their deliberations on the curriculum design and development. Each subject considers their view in the development of curriculum. Some of the stakeholders representing, society, industry will also be considered for their input during curriculum revise and was finally put forward for discussion in front of academic council body for suggestions and was later approved by the highest governing body of the university the syndicate for approval of the curricula of institutional academic courses. They have the opportunity to participate in discussions and a role to play in decisions of academic matters. The I.Q.A.C. of the University closely monitors the execution of the formal mechanism designed for collection of feedback on curriculum. An online feedback system is developed to collect the feedback with inbuilt questionnaire which addresses all the relevant points of curriculum design and the link is provided through university IQAC portal for accessing the questionnaire for student, faculty, employer, parents and alumni. 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Student success is at the core of our academic institution and, we at Davangere University believe that it is a shared responsibility. Teacher Mentor Scheme has been implemented, wherein a group of students are assigned to a faculty member within their Departments who act as their mentor for the entire course duration. The department council (DC) of each postgraduate department is responsible for the selection training and allocation of the mentors to their students as well as to ensure the meeting between mentor and mentees are to be held twice in a month at a convenient time for both mentor and mentees in the Departments. During the first two weeks of the first semester, mentors organize weekly meetings with this small group. Mentor introduces new students to the student support structures at university and orients them to understand the lingo and academic expectations. This provides a framework for constructive interaction between new students, mentors and staff, and enables new students to embrace the challenges, opportunities that university offers and makes them realize their responsibilities at the entry stage. Mentors will collect basic information such as medical condition, Language (s) known, Permanent Home Address, residence during the course of work, financial status and others. During initial discussions, the mentee and mentor identifies a series of goals that the mentee wishes to accomplish. These can be recorded in an action planner to track activity and progress. Each mentor conducts a minimum of one meeting every month with their mentees in which students meet their mentors for academic and personal issues. The students who have less attendance and who have missed their internal tests are paid special attention from mentor's side. The mentor also provides counseling to the student and provide guidance regarding personal and academic issues. The mentor keeps track of their improvements and counsels them accordingly. Mentors are also available to respond to the text, email and phone enquiries. The mentor will record the details of each meeting record in the Mentor Log Sheet. Mentors could/should suggest/undertake corrective/remedial actions for problems faced by their mentees and include it in their reports. The Class Mentor's contact details are shared with the parents/guardians. Similarly, the Mentor has the contact details of the parents/guardian. The Mentors also provide additional support in terms of providing career guidance. Mentors are authorized to report any challenge immediately and seek the resources required. In university, a mentor maintains professional standards, improves mentoring skills and exercises good judgment when engaged in every activity involving her/his mentee and work with mentee to establish mutual respect, motivation, and measurable goals. Once the journey of two years of mentorship is on the verge of completion, a mentor is to ensure that his/her mentee has become the self-reliant and self-managed person. Finally, the student mentoring system adapted in the university helps to takes care of the overall development of students in terms of their academic performance, building up the career, move towards the right path and be focused in relevant fields.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

In an effort to achieve academic excellence, academic autonomy and decentralization was provided in the following ways, viz., A flexible Choice Based Credit System was introduced in 24 Post Graduation Departments at Shivagangotri, the main campus - Davangere, PG center and PG courses offered in affiliated colleges of Davangere University. In addition, for the first time during the year 2016-17, CBCS scheme was introduced to UG level to cater to the educational needs of the students. The first batches under CBCS scheme at UG level have completed their course successfully in the year 2019. This is in line with the UGC guidelines that provide full autonomy to individual Departments. In the long run it encourages and channelizes seeking accreditation and ranking at the department level. The University took steps to facilitate more number of affiliated colleges to become autonomous colleges. The College Development Council communicated to the colleges and created awareness about the process of applying for autonomous status. Recognition as

Research Centres is also under progress. Centralized system of allotment of Open Elective papers was offered and students were given freedom (vertical and horizontal) to choose the courses of their choice by directly applying to the departments through their Chairperson concerned. For PG and Ph D entrance examination, online notification was given, allowed the candidates to submit applications both online and offline mode and the selection list was notified online. This facilitated students reduce their travel time, anxiety and cost.

It also made a large number of aspiring candidates to write the entrance examination. Choice Based Credit System was modified and Departments were given greater freedom in offering various courses during the odd and even semesters.

For instance, Departments could chose to offer Specialization papers or Open Elective course and add on courses in all the semesters. Committees comprising of faculty members and members from authorities such as Academic Council were constituted to examine and recommend certain important administrative issues.

For instance, CBCS Committee, Examination Reforms Committee, Fee Fixation Committee etc. were constituted and the decisions related to those matters were taken based on the recommendation of these committees.

6.1.2 – Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Admission of Students	Entrance examinations for admission to post graduate programs were rationalized by conducting Entrance test in addition to their minimum eligibility criterion. Online application for admission to various post graduate programs was introduced to facilitate quick and efficient admission process. Counselling system was introduced and a single window of admission was introduced to M.Com and other programs.
Industry Interaction / Collaboration	Competent Industry representatives were drafted as members of Boards of Studies in many courses and through this effort, redesigning the curriculum based on industrial needs, update the curriculum and help to increase the employability of new post graduate students. The University Industry Interaction Placement Cell was provided necessary support to be able to function in close liaison with industry representatives and facilitate collaborative activities.
Human Resource Management	Since the inception of Davangere University (2009), the University was run with only 25 teaching 35 non teaching staff on permanent basis. There are about 18 Departments run with Guest faculty support. In the year 2018-19, 10 new teachers were appointed

under 371(J) Hyderabad-Karnataka reservation policy. Now the process of general recruitment is in progress. With a focus on procuring ministerial staff, through Outsourcing agencies the University floated necessary tender and received human resource support through external agencies. As a step towards better working environment, the communication system among people on the campus was given a qualitative improvement by introduction of email communication/whatsapp group etc.

Library, ICT and Physical Infrastructure / Instrumentation

E Resources were increased to an extent of making the university library the largest custodian of e resources among universities in the state. The University has planned and provided with a circular, aesthetically sound with learning ambience new building through financial resources from UGC as well as donations from philanthropists. In addition to printed editions of books and journals, now the focus has been shifted equipping the library with e Books and journals. New Departments such as Yogic Science and Criminology were provided with physical infrastructure through regular grants.

Research and Development

RUSA grants for our university was sanctioned and specific head for Research and Innovation have been allotted (Grant of 20 crore from MHRD.) This has created opportunities for university faculty to get sizeable funding for cutting edge research through, Competitive selection Research projects undertaken through extramural/ Core/ UPE and PURSE schemes were given impetus and efforts were made to apply for patents for research results and publications in reputed journals. A central instrumentation facility has also been planned. Central English language and Computer laboratory facilities have been created for the reach of all students in the main campus. A plan has been developed to bring out e Journal and regular Journal under this program.

Examination and Evaluation

Latest Developed Software has been introduced from 2019 Nov-Dec for the convenience of students and collages. It has given good result in collecting data's directly from the students. Further process of preparation of Examination, conducting Examination,

	Valuation, Result Process have considerably proved faster than previous Examinations. Data collection regarding Fees, Halltickets and Results are uploaded directly to the student's portal. All the Teaching faculty and parents are most satisfied with the introduction of this developed Software.
Teaching and Learning	The Board of Studies were asked to review the program syllabus of foreign universities and premier institutes in India, with whom university has MoUs and recommend the courses that may be taken by our students for obtaining the facility of credit transfers. Teaching Learning environment was strengthened by setting up smart class rooms with smart boards in many Departments. IQAC communicated to all the Departments giving details of strengthening the tutorial system, remedial classes for effective reinforcement of issues learnt through lecture sessions in the regular classes or the subject of interest.
Curriculum Development	As per the UGC regulations, Board of Studies (BoS) in concerned subjects were advised to revise the syllabus by making necessary modifications. New and contemporary courses were offered by many departments. The existing CBCS system was reviewed by the respective BoS every year and updated. The CBCS Committee has made two key recommendations viz., • Creating provision for Credit Transfer and • Offering more than one open elective course in the Departments willing to offer such courses. These have been accepted and adopted.

Davangere University is one of the youngest affiliating types of Universities in Karnataka. It has a jurisdiction of two Districts viz., Davangere and Chitradurga and headquartered at Davangere. Davangere which was part of Chitradurga District became a separate district on 15th August 1997 and is emerging as an important educational center, besides being a well-known commercial and industrial town in Karnataka. Davangere University prior to its establishment functioned as a Post-Graduate Centre of the University of Mysore from 1979 to 1987. Later, with the establishment of Kuvempu University in 1987, the P.G. Center came under the jurisdiction of the new university due to its geographical location and hence functioned as its P.G. Centre from 1987 to 2009. Davangere University was established (with a Gazette Notification from the Government of Karnataka) on 18th August 2009 by being carved out of Kuvempu University with a purpose and vision to meet the educational aspirations of the people of this region. The university has 112 Colleges affiliated to it in total, with one Constituent College and one Autonomous College, offering Graduate and Post-Graduate programmes in various disciplines catering to the educational needs of more than 60,000 students. The University has hard working and efficient faculty members undertaken research and development projects worth more than Rs. 3 crores and published more than 400 research papers in journals of national/international repute students of the University have participated in national / State /Region level competitions and work prestige awards / awards/ recognition at district level.
