

COMMON COMPUTER LAB

**DAVANGERE UNIVERSITY
SHIVAGANGOTRI, DAVANGERE**

Common computer LAB

Common Computer Lab was established in the year 2018 to enhance the Computer literacy of students of Davangere University.

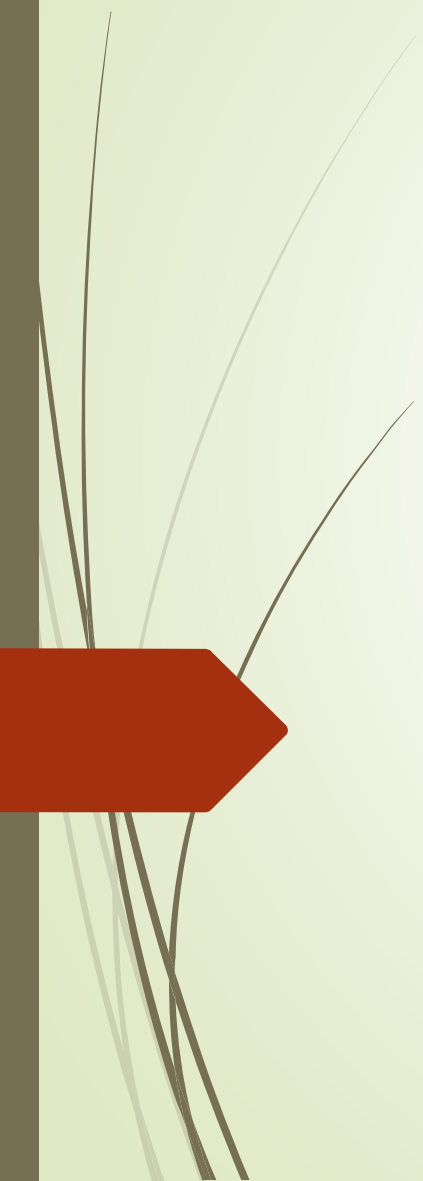

COMMON COMPUTER LAB

Davangere University has an Air-conditioned common computer lab which is shared across all the departments and maintained by department of computer science. Our university has NKN 1 GBPS internet connection, which is locally networked and connected through Wi-Fi routers, covering the campus. This common computer laboratory is equipped with the most advanced computer systems for both: Windows and Linux servers along with MS-Office software's and other curriculum related software's. This Lab also has equipped with compilers/Interpreters of various computer Languages and Big Data/ Cyber-Security/HPC software's for students who can get hands-on experience on the latest software packages and browse selected internet sites at the same time.

All IEEE/ACM/Springer research papers, e-books and study materials including all academic related data can be accessed through campus connectivity with 24/7 internet connectivity and full-fledged integration with Google apps enable quick sharing of information sharing across various platforms.

Our Thrust Areas

- 
- Socially backward communities
 - Students from Rural background
 - Students from Kannada Medium

Usages of this lab:

- To provide trainings and conduct workshops
- To conduct online exams
- To conduct campus related activities
- To prepare projects and PPTs by different discipline students
- Interdependent activities.
- To simulate experiments by various departments.

Other Specifications:

Number of systems:	120
Window version:	Windows 10
Antivirus:	Avast
Firewall:	
RAM:	4GB
HDD Space:	1 TB

Infrastructure:

Reception Hall

Discussion Room

COMPUTER ROOM WITH 120 SYSTEMS

Air Conditioned Rooms

Server Room

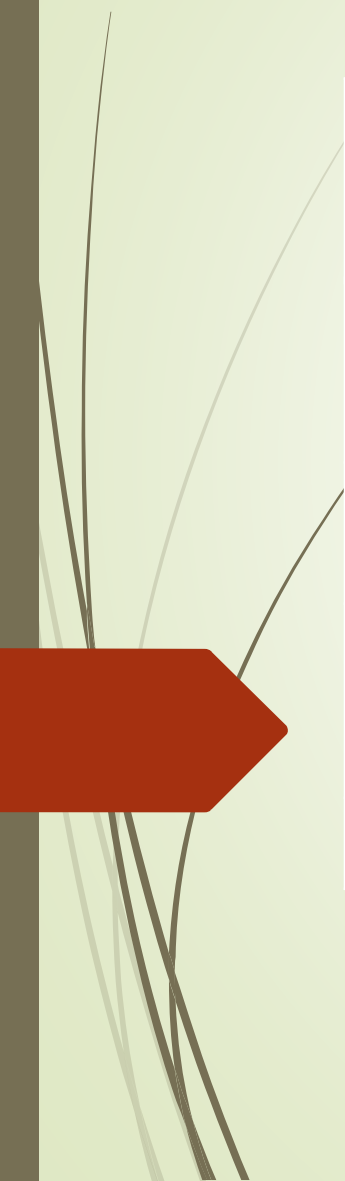

Pantry

Other Facilities

- **Projector**
- **Air cooler**

Total Number of Students Availing the Facility
