### Vision

The University Libraries are engaged in learning and discovery as essential participants in the educational community. We develop, organize, provide access to and preserve materials to meet the needs of present and future generations of students and scholars. We explore and implement innovative technologies and services to deliver information and scholarly resources conveniently to users anytime/anyplace. We also provide well-equipped and functional physical spaces where students can pursue independent learning and discovery outside the classroom. The University Libraries support scholarship and research productivity and foster their vitality.
