

RESEARCH COLLABORATION

Between

Dr K M Eshwarappa
Associate Professor
Department of Studies in Physics
Davangere University,
Shivagangothri,
Davangere-577007, India

Dr B J Gireesha
Associate Professor
Department of Mathematics,
Kuvempu University,
Jnana Sahyadri,
Shimoga-577 451, India

We are agreeing to collaborate on the joint research in the field of fluid dynamics and nanoscience. The aim of the initiative is to study and develop new nanofluids for industrial applications.

Responsibility of preparation of the nanofluids and their experimental characterisation is lies with **Dr K M Eshwarappa** and that of mathematical modelling for studying nanofluid flow in different geometries is lies with **Dr B J Gireesha**.

As a general rule, the collaborators shall decide jointly what works/publications are to be prepared under the collaboration and who shall be responsible for the preparation of such works/publications.

For joint works/publications, first author and corresponding author will hold the copyright.

Dr K M Eshwarappa

Dr B J Gireesha

Dr. B.J. GIREESHA
M.Sc., M.Phil., Ph.D., PDF (USA)
Associate Professor
Department of Mathematics
Kuvempu University, Jnanasahyadri
