Blue print of Shivagangotri Campus, Davangere University

From the Vice-Chancellor's Desk.....,

Prof. B.D. Kumbhar

Vice-Chancellor

I feel it a privilege to present the 15th Annual Report of Davangere University for the Academic year 2023-24. This Annual Report contains the information pertaining to our University's courses/programs, activities, details of basic infrastructural facilities, college wise results, sports activities, student facilities, research collaborations, NSS, NCC, YRC activities and other relevant details. All the details of Academic and Administrative activities of the Davangere University, Shivangotri campus, Jnanagangotri PG Centre, G.R. Halli, Chitradurga, Fine Arts College, Davangere, University First Grade College, Turuvanuru and University First Grade College, Hariyabbe are included in this report.

Our University has teaching faculty who are actively involved in teaching, research and outreach programs. We have adopted the CBCS from the year 2018. The syllabi have been updated and improvised regularly. Almost 90 special interdisciplinary courses and 17 Value Added Courses were implemented in various departments in 2023-2024.

Currently, in this academic year, 43877 students have enrolled in the University. 39330 students have been admitted to UG, and 3935 are doing their PG courses. The administrative sections of our University are functioning efficiently. The teaching faculties are actively involved in teaching and research per their specializations. We have 64 H-index in SCOPUS and 52 H-index in Web of Science, which shows that we are being recognized as one of the important research institutes. Our faculty have received various grants and fellowships from both the state and central governments. In fact, 06 MoUs and 05 research collaborations with eminent Universities and Research organizations prove the above mentioned fact. Many department faculty and students have enrolled for SWAYAM and NPTEL courses and have successfully completed them. The University has recently established USEC, IPR Cell, Food Processing Centre, Materials Development and Skill Development Centers. Many patents have been given to IPR Cell, which boosts our research activities.

Our University was established in 2009, but has a history of 42 years. In 1979, it was a PG Centre of the University of Mysore, and from 1987, it was under the Kuvempu University. Since 2009, it

has been functioning as an independent University.

I am greatly indebted to Paramapoojya shri shri shri 1103 Shivamurthy shivacharya swamiji of Sirigere Taralabalu Bruhanmutt and Hon'ble Ex- chief minister Shri B S Yeddiyurappa Ji for helping in the establishment of our University. I extend heartfelt thanks to our land donors to establish then P.G. Centre viz., Hon'ble Secretary of Bapuji Educational Association and Ex-minister Dr. Shamanur Shivashankarappa ji and Rajanally Maddurayappa Laxmanashetty Trust for donating 48 acres and 24 acres respectively. As a result, this center has now grown-up as an independent University. My thanks to the Government of Karnataka, Hon'ble Chief Minister of Karnataka Sri Siddaramaiah ji, the Higher Education Minister Dr. M C Sudhakar ji, Smt. Dr. Prabhamallikarjun, MP, and Horticulture and Mining Minister Sri S.S. Mallikarjuna ji, MLA's - Sri Shamanur Shivashankarappa ji, Sri Basavantappa ji, Sri G.M. Siddeshwara ji, (Ex-MP), Ex Central Minister for Heavy Industries, Sri. S. A. Ravindranath ji (Ex-MLA) and Prof. Linganna ji (Ex-MLA), Sri Shivamurthy Naik ji (Ex-MLA), MLA's and MP's, of our region, all the Syndicate and Academic Council Members, other leaders, officials and Prof. Murugendrappa, Sri Shivashankar H.S, Sri Shivayogi swamy ji (Ex-MLC) who have incessantly helped our University.

Best Wishes,

Prof. B.D. Kumbar
Vice-Chancellor

n. DISABLED (Divyangi friendly measures (Disability act-2016): Disabled Friendly and Barrier Free Environment

Davangere University regards it as a privilege to assist the community's Divyang/ differently abled people. We have a policy in place to ensure that the campus is accessible to those with disabilities, and every attempt has been made to ensure that the Divyangjan have a barrier-free environment to learn in.

CONCESSIONS FOR DIVYANGJAN:

- According to an order issued by the Government of Karnataka, the University would waive the tuition cost and the special charge for students with impairments.
- Additional salary is provided to Divyang as per Government orders.
- To encourage students with impairments from rural backgrounds to continue higher education, the dormitory cost is eliminated in some circumstances under specific conditions.
- A free ship is often given as an Institutional scholarship to encourage students with impairments to pursue higher education.
- Higher education especially to pursue Ph.D. for the visually impaired, provided in addition to a conventional system.

SERVICES FOR DIVYANGJAN:

The Centre is comprised of an Enabling Unit, a Barrier-Free Centre, adapted material Production units, an adapted library, Training Courses, Awareness - raising Programs, and Academic Programs designed specifically for the differently abled. The University is initiating and successfully executing various schemes of the University Grants Commission (UGC) and the Government of Karnataka for the welfare of the differently abled.

Every year, a special committee comprised of an expert from the area, a faculty member from the Department of Human Development, the University Counsellor, and the coordinator of the Family and Child Enrichment Centre reviews the concessions and makes any necessary changes. Apart from that, children with learning impairments have the option to confer with the team, as well as their parents, to choose the discipline that is most suited to their ability.

The procedure is as follows:

- A meeting with his/her parents and peers is being planned to ascertain potential interests during counselling.
- Suggestions for appropriate discipline are given.
- If the student wants, he/she may seek a modification in discipline in following the recommendation.
- Students and their parents are educated about the concessions.
- Additionally, if necessary, the committee can offer a particular list of concessions for a student.

SENSITISATION PROGRAMS:

The University organises public and student awareness-raising activities such as Rallies, Human Chains, Walkathons, Signature Campaigns, and Awareness Brochures on the themes of disability prevention, disability rights, inclusion and human rights for people with disabilities through the Coordinator, Divyang cell, Davangere University.

Disability inclusive pedagogy, and technology that help students with disabilities are being brought to the attention of faculty and higher education. Librarians and volunteers are being educated on their roles in creating a more inclusive society alongside students from different fields.

THE INFRASTRUCTURE AND THE PHYSICAL SUPPORT:

- All classrooms have wooden study chairs with writing pads attached.
- For left-handed pupils, there are special study chairs.
- A particular brand of chair and table to meet the needs of pupils with special needs (students with physical disabilities or on medical grounds).

RESTROOMS:

- Students (students who are / physically handicapped / for medical reasons) have access to the western toilet and special washrooms are constructed at Hostels.

o. Grievance redressal mechanism.

The University has established the “Students Grievance Redressal Cell” under the Directorate of Student Welfare office, to provide a mechanism for the redressal of student grievances and ensure transparency and prevention of unfair practices. A nodal officer has been appointed to monitor and respond to students’ grievances. Students from Davangere University and its affiliated colleges can lodge complaints through the “online students Grievances Redressal Portal” of UGC (web site: www.ugc.ac.in/), New Delhi, related to the admission process, non transparent or any unfair evaluation practices, provisions of students amenities, alleged discrimination of students, etc. Very few grievances were received from students and these were readdressed through discussion and counselling.

Grievances from students were redressed by the system as well as by direct representation to the Head of the Department. Separate cells are in place for

student grievances, such as the prevention of sexual harassment of women staff and students. The grievances of faculty and non-teaching staff can be addressed to the heads and also directly to the Vice-Chancellor/Registrar. Adequate measures are taken to redress all grievances. Most of the grievances are redressed through counseling and discussion.

p. Placement cell and campus Recruitment:

The university's Post-Graduate departments have been actively organizing campus interviews to assist students in securing placements for the 2023-24 academic year. The University Placement Training Cell oversees these efforts, providing students with access to a range of job opportunities.

This year, PG students from various departments have achieved successful placements, with an impressive average salary of 3.5 lakhs per annum. Notable companies participating in the recruitment process include Manappuram Finance Limited, EVOBI Automation, and Indiamart Inter MESH Ltd.

This initiative not only enhances student employability but also bolsters the university's reputation in the job market.

q. Entrepreneurship/Incubation Cell:

Many University departments especially the MSW, MBA, Commerce, Economics, Food Technology, Biochemistry and Microbiology, have entrepreneurship training programs. In these programs, students visit various industries for training and are encouraged to establish small scale minor industry plans to be implemented after their program completion.

r. Database of best practices for student support services of other state/national Universities for contextual implementation in the university and its colleges.

- Free WIFI and digitalized Library facilities are provided
- Adaptation of campus green technology and maintenance of plastic/tobacco/Alcohol/Ragging free campus
- Research promotion and adaptation of interconnectivity of research article access by INFLIB NET facility.

s. Measure to maintain discipline and peaceful/academic ambience on the campus.

i. Discipline in the Campus:

- Regular attendance is ensured

- Within the departments, the Chairpersons ensure student discipline and regular conduct of classes and other academic activities.
- The disciplinary committees, sexual harassment redressal committee and anti-ragging committees are in place.

ii. **Peaceful/academic ambience in the campus:**

- To ensure peaceful and smooth academic activities, the campus has been equipped with a Green Library, a pathway for walking and seating arrangements for combined studies of students.
- The campus has also created ecofriendly beautiful gardens, tanks and ponds, which give the entire campus a very picturesque look.
- The campus is under CCTV surveillance to avoid any untoward happenings.

b. Whether a database is established

Yes, every department have the database of the Alumni.

c. Whether a registered association is in place and functioning?

Yes, it is in place with active functioning helps us to promote a close network for bridging the gap between students and eminent Alumni.

d. Strategies to involve Alumni/Alumnae in all round development of the university.

- Alumni Association in each departments are actively involved in conducting activities, like, regular meetings and conferences/seminars/workshops.
- They also have *WhatsApp groups* to interact with Alumni/Aluminae. Departments are taking inputs and suggestions from the eminent alumni, to upgrade the facilities of the department.
- Alumni meet is organized every year to have interactions and which in turns helps us to give placements to the output students.
- Alumni/ Alumnae have the strategies to motivate the present student in the department/University to have good academic record.

The University organized its first University-wide Alumni meet in 2016. At the department level, there has been an active engagement of alumni in various activities. The alumni association emphasises on social entrepreneurship, business and profit ventures, in addition to scientific thinking and technical skills. The alumni often interact with students and play vital role in helping them to prepare for the selection and recruitment processes through resume building workshops, Mock-Interviews and Mentorship processes. The alumni contribute through formal and informal interactions with WhatsApp groups, online conferences and physical meetings between alumni and current students that take place during networking events, invited-talks, seminars and workshops, which enable students to make more informed choices about their careers and are better prepared for the workplace.

During Covid-19 pandemic, a good number of online Alumni meets were held through Zoom,Google meet,WebEx etc. and attended from their industry/institutions and showed their establishment/ facilities/ achievements to present students.

Academic Programs:

Now it is befitting to present a brief progress report about our University's accomplishments on various fronts. Educational scenario is bright in Davangere and Chitradurga Districts. There are many educational institutes which cater to the educational needs of the students. Davangere University was established on 18th August 2009 with a vision to meet the educational aspirations of the people of these regions. The University is recognized by UGC under 12 (b) and 2 (f). The University has a total area of 255 acres of land and spread over in five campuses. The ambiance of the campus is lush with greenery; young students and energetic staff are the striking features of the

University. Our University has just completed 12 years of its existence and making strides in academic field. The University offers more than 29 P.G Programmes at main campus and 9 Programmes at Post-graduate center at Chitradurga. The University offers Ph.D. Program in 22 Subjects. The University has the pride of having constituent colleges - College of Visual Arts, Government First Grade Colleges at Thuruvanur and Hariyabbe, Chitradurga. We also have 126 affiliated colleges. More than 56118 students are studying in our University. The regulations of Karnataka Government and Karnataka Government University Act-2000 are being followed in terms of reservation for providing social justice to all. From the Academic year 2024 the University has started Master of Computer Applications (MCA) for Post Graduate Students.

National Education Policy-2020 (NEP-2020):

In order to improve Academic field Central and State Governments have implemented National Education Policy-2020. Davangere University is one among the first Universities to implement curriculum based on NEP-2020. Already 5 Semesters are completed under this Policy. We've been meticulous in framing academic Programs for the benefit of student's community. We have published Text Books for Kannada and English NEP syllabus through our Publication wing Prasaraanga.

Research and Development Cell:

Based on University Grants Commission (UGC) guidelines, Davangere University has established R&D Cell in order to encourage Research and also establish collaborative Research programs with reputed Institutions. Currently 642 Research Students are pursuing their Research in 22 Subjects for Ph.D.

All the faculty members are involved actively in research. More than Rs. 5 crores worth extra-mural funds are generated from funding agencies such as ICMR, DST, DBT, BRNS, UGC, K-VGST etc. Around 975 research papers have been published.

I am pleased to reveal that our University's h-index is 58 and total citations 14,694 this year. Our University was assessed by NAAC and obtained B+ Grade. Our faculty members have been recognized by both National and International level research organizations. Three faculty and three research scholars of the Department of Mathematics are listed in Top 2% of International Scientists List published by Stanford University, USA. Our University is adjudged as best IP Institute award by Government of Karnataka.

Recently, our University is recognized as the Best University in Faculty Development

Programme by the Karnataka State Higher Education Council, Bengaluru and has been provided Rs.50 Lakh for the overall development of the University.

Planning, Monitoring and Evaluation Board (PMEB):

For the overall development of University Planning, Monitoring and Evaluation Board has been constituted. This board strives to organize funds from UGC, National funding Agencies and also Government of Karnataka.

Internal Quality Assurance Cell (IQAC):

University performance, related to the educational processes and outcomes, covering the curriculum, teaching-learning, evaluation, faculty, research, infrastructure, learning resources, organisation, governance, financial well-being and student services are being monitored by IQAC. It is actively engaged in conducting various academic programs.

Our University has organized various events to mark 75 years of Indian Independence as Azadi Ka Amruth Mahotsav celebrations continuously.

Academic Writing Development Cell:

As per the directions from Government of Karnataka Academic writing development cell has been formed. This cell aims at providing opportunity for Faculty, Research Scholars and Students to improve Academic writing through various seminars and workshops.

Infrastructure and Amenities:

The University has provided certain modern facilities to students like labs, ICT enabled classrooms etc., the campus has got free Internet services. Student-friendly academic environment has been created. We have a dedicated State of the Language lab in our University.

Library:

The University Library is housed in new and beautiful building, “Jnana Soudha” (Knowledge Resource Centre) and is well equipped with 49,601 reference and text books, 176 Science and Social Science e-books, 47 journals on current subjects, 2,026 back volumes of periodicals, and good number of Government and Institution reports. Library provides services like internet and e-journals facilities to students, research scholars and teachers. The library is getting e-journals under UGC-INFONET program. Additionally,

the library provides 3312 books for SC/ST students and 905 books for OBC students. Recently Digital Library with KOHA Software and Drillbit for plagiarism check have been installed.

University Science Instrumentation Center (USIC):

The University has established University Science Instrumentation Centre (USIC) with Modern Laboratory facilities. These instruments are accessed by students and faculty.

Study Centers:

Our University has Dr. Babu Jagjeevan Ram, Dr. M. Chidananda Murthy Kannada Study Centre and Sri Sarvagna Peetha funded by Government of Karnataka. These Centers are dedicated to studying contemporary issues. The Sarvagna Peetha has published 15 Books and conducted various competitions for students. Jayaratna Kalyana Kendra Trust, Davangere has instituted award and endowment lectures in social sciences.

Training and Placement Cell:

The University has established training and campus placement cell to provide opportunity for students to get jobs in various industries.

Social Justice:

The University takes due care of the students belonging to the categories through its SC/ST and OBC cells. Ph.D. - fellowships and other scholarships are also provided to the students. Special training is provided to the students belonging to SC/ST/OBC categories in order to nurture their potential and help them in getting jobs. Coaching classes are conducted to prepare them for administrative examinations. The students belonging to SC/ST and OBC are provided with additional books for their reference.

Social Commitment:

University has adopted 10 villages from both the districts for academic and social development. In this regard, the survey has been completed and work plan for over all development is being prepared. Simultaneously, ten government schools will be identified for up-gradation by the university. Staff Members have worked at COVID Hospitals for Clinical Data Entry. Our University has joined hands with District Administration for the

supply of Medicines and Food Kits for the needy. Students have also volunteered during Pandemic situation.

Prasaranga:

The University established Prasaranga, this year for the scholarly publications. Since its inception - Prasaranga is actively engaged in publishing books in different disciplines of arts, science, drama, criticism, and management. More than 101 books are getting ready to be published by Prasaranga. Our University has signed an MoU with Kannada University, Hampi for quality/technical publications.

CONVOCATION ADDRESS

By

Shri A. S. Kiran Kumar

Former Chairman

Indian Space Research Organisation (ISRO), Bengaluru

Good Afternoon to everyone and congratulations to all of the graduates on this special day. Honourable Governor of Karnataka & Chancellor of the University, Shri Thawar Chand Gehlot ji; Dr. M.C. Sudhakar ji, Honourable Minister of Higher Education, Prof. B.D. Kumbar, Vice Chancellor of the University, Registrar's, Members of the Syndicate and Academic Council, Principal's and Director's from various colleges, Faculty Members, Distinguished Guests; Staff Members; Graduating Students and their proud Parents; Ladies and Gentlemen, it is indeed a matter of privilege and honour to address you all on this occasion of the 11th Annual Convocation of Davangere University.

First of all, I extend my hearty congratulations to all the graduating students for having achieved a landmark through excellent academic performance. Contribution of the parents needs not only a mention but also sincere appreciation as it is their support that has enabled you reach where you are today. At the same time, I commend the faculty members for their efforts in imparting training and guidance to the students enabling them to realise this goal.

From time immemorial, Humans have made use of their abilities to observe their surroundings and develop tools and gadgets to help themselves to navigate their life in this world. Initially, there was intense struggle to survive requiring physical strength to deal with other life forms around them. As they found unequal strength in other life

forms they came with tools (sharpened stone) to inflict impactful damage and gain ascendancy over other life forms. They found effective ways of combating and keeping them at safe distances by evolving tools like sharpened sticks, bows and arrows, etc.

They saw the ability of some life forms to move on land much faster than them and they resorted to domesticating these life forms and started riding on them to cover distances in shorter time. They developed vehicles which were initially powered by various lifeforms before evolving ways of powering these through non lifeform based energy sources.

Similarly, when they saw aquatic life forms navigating in water bodies, rivers and oceans they mimicked these abilities by building suitable gadgets like rafts, boats and ships, etc.

They developed telescopes to observe small objects at long distances and microscopes to magnify very small objects. When they realised the vastness of electromagnetic (EM) radiation and how limited their visual apparatus (covering only 400 to 700 Nano-meters) was, they started developing ways of observing in other regions of EM (microwave, infrared, ultraviolet, x-rays, etc.).

Flying birds captured their imagination and they started developing tools and gadgets to fly in air.

Humans have also developed systems to travel beyond planet earth, orbiting earth, reaching Moon and Mars.

Human endeavour has been to observe his environment and learn ways and means of making sense out of observations and build capabilities to navigate the existence on the planet. It is also seen that with development of any tool or gadget to address some aspect of dealing with issues become the source of domination over others by those who can visualise methods of using these tools to gain ascendancy over others. While some use it for benefit of larger humanity there are others who make use of such developments for gaining dominance individually or as a small group or even as a large group.

Since Independence India looked at the capability of using science and technology based tools to provide better living conditions and improve the standard of living. Use of space technology which enabled providing communication, broadcasting, weather monitoring, remote sensing for monitoring and managing resources, navigating and performing celestial observations was adopted in spite of difficulty in providing necessary

and appropriate resources. India has shown that it has made very innovative and effective use of its resources to build a space technology capability over the last six decades. India is currently preparing itself for significantly enhancing its ability to be a very competent player in global space economy. It is also setting targets of taking Indians to orbit earth set up space station by 2035 and land on Moon by 2040. These targets open up huge opportunities to carry out research and development in a significantly wide domains and disciplines in the coming years.

It is also seen that developments in the areas of science and technology is rapidly changing the speed with which information and materials can be transported resulting in tectonic shifts in the way humans live on planet earth. While the rate of change is progressively increasing the resultant situations that arise due to inherent resistance to changes by human beings brings in a significantly increasing conflict situations and the resultant anxiety based health issues.

As you are emerging from the current phase of your life where you entered the process of equipping yourselves with an ability to deal with your life and comprehend what is happening in life and how you can navigate yourselves through the life process you need to appreciate that you require to continue a lifelong learning process and above all exploration of your inner SELF and external world can be the key.

Thank you,

Jai Bharat,

Jai Hind.

In pursuance of its vision, Davangere University organizes teaching, orientation, workshops and other supportive programs to facilitate the development and competency among Scheduled Caste and Scheduled Tribe Students to take up innovative research programs to reach out to the larger community through extension, at the local, regional, national and international levels.

INTRODUCTION

The University Grants Commission (UGC) has given priority to the downtrodden students and staffs during IX plan period and given direction to all the universities to establish SC/ST Cell. The SC/ST Cell at Davangere University, Davangere, Karnataka State, was constituted in the year 2009-10. After the establishment of the Cell at Davangere University, Davangere, it specifically concentrated on the welfare of the SC/ST students and staff. The main aim of the Cell is to monitor the guidelines issued by the MHRD, the University Grants Commission and by the government of Karnataka from time to time.

UGC GUIDELINES FOR THE ESTABLISHMENT OF THE SC/ST CELL

According to the 1998 UGC Guidelines for the establishment of Special Cell for Scheduled Castes and Scheduled Tribes, for the Universities and deemed Universities, the purpose of these Cells is to monitor the admission of students and the recruitment of teaching and non-teaching staffs at various levels. Its function is also to help the SC/ST categories to integrate with the mainstream of the University community and to remove difficulties, which they may be experiencing. Besides, the Cell at Davangere University is doing many more activities to safe guard the welfare of focused group of students and working to contribute for their respective development.

GRIEVANCE REDRESSAL

The SC/ST students and Employees can approach the Coordinator of the Cell for Redressal of any of their grievance(s) regarding academic, administrative or social problems. The Coordinator often meets the concerned students and staff, to understand their problem and takes necessary action and/or renders them necessary advice/help to resolve the matter.

Procedure to file a complaint

A written complaint may be submitted to the Coordinator, SC/ST Students' Development Cell, Davangere University, Shivagangothri Campus, Davangere - 577007. Any student and employee (including contractual, casual and temporary) of Davangere University can also approach the Cell to file a complaint.

Drop Box

A Drop Box is available in SC/ST Students' Development Cell, any student/employee belonging to SC/ST may drop his/her complaint if any. Addressing of issue takes place on priority basis in consultation with an authorized advisory committee of SC/ST Students' Development Cell, Davangere University

The SC/ST Students' Development Cell provides guidance to various University Committees in respect of promotions/recruitment for the latest rule position concerning SC/ST reservations.

The Cell takes due care in establishing the Book Bank and Book Grants for the SC/ST students of the university. The Cell also advises the students to utilize the facilities of the Book Bank and to borrow books depending on availability.

THE SC/ST STUDENTS' DEVELOPMENT CELL IS MONITORING THE FOLLOWING ACTIVITIES OF THE UNIVERSITY

The SC/ST Students' Development Cell is giving wide publicity through circulars to all the faculties and informs the students about the various scholarships; namely, Post-Metric Scholarship, Karnataka Higher Education Special Scholarship, Meritorious Scholarship, P.G. Women Scholarship, Rajiv Gandhi National Fellowship, P.G. Scholarship for professional courses, ICMR, CSIR, ICSSR and other scholarships, and fellowships.

The SC/ST Students' Development Cell has taken up the problems of the SC/ST students and employees with the university authorities and has solved some of them amicably. The cell, in the ultimate analysis, has been a user friendly counselor to all SC/ST employees and students.

The SC/ST Students' Development Cell is also helping the SC/ST Research Scholars in getting the University Fellowship from the university and the government.

The Cell is implementing various schemes of the MHRD and University Grants Commission with the objective to improve the learning levels of Schedule Caste and Schedule Tribe candidates to bring them up to the general level of the other communities.

The University is providing statistical information periodically and promptly on all aspects to the Government of India, and the State Government.

3. To develop and improve national and international collaborations
4. To improve National and International collaborations.

3. The Context:

Research plays an important role in the growth and overall development of all Higher Education Institutions. The University is committed to fulfil its vision and mission to provide excellent research facilities by enabling the research students to complete their dream projects. All the necessary assistance is provided to the students to overcome the difficulties while doing research by providing **centralized science instrumentation** facilities and **digital access to e-journals**. The University has supported research students by providing **fellowships, seed money** for innovative research ideas and creating

research lab spaces and centre of excellence. Moreover, the University has designed a policy to facilitate National and International Collaborations to establish an effective research implementation of National and Global repute. It recognizes and honours research output from the university to draw attention from an aspiring industries and institutions for Collaborative funding and provides opportunity for aspiring research students to pursue their research ambitions.

4. The Practice:

To establish a professional environment in research along with teaching, the following practices have been implemented:

1. Faculty members are encouraged to submit their research articles to peer reviewed journals having good impact factor, citation index, database index and others. Research papers published are collected and accessed via IQAC each academic year through Self-Assessment Reports (SAR) submitted by the faculty members. Based on this, best research publications among each faculty will be identified.
2. To keep in phase with the advances in the respective areas of research specialization, the faculties are encouraged to attend conference and seminars organized by Professional Societies, Institutions; workshops on frontiers of Arts, Sciences, Commerce, management and Linguistics for individual training in premier research organizations. The University provides partial financial support to faculty members for attending conferences organized in India and abroad.
3. To increase the breadth of good research and meet out the potentiality of teachers, faculty members are being encouraged to submit project proposals to various funding agencies through a **Research and Extension Cell** of the University within the period of each academic year. In addition to this, University has initiated and sanctioned seed money in the name of

DUSMYTR (Davangere University Seed Money to Young Teachers for Research) Project during the academic year 2019-20 and 2020-21.

4. Collaborative research works between the University teachers and researchers outside the institutions having high reputation are encouraged to improve the quality of research, optimize the research output, research impact, research network and embrace the new challenges towards research.
5. The geographical location of the university deprives and restricts the accessibility of students and faculty members to high quality research facilities. The creation of state-of-the-art research facility at the university provides regional advantage in facilitating research outcomes at the campus and excel with national reputation. All these activities are being conducted to bring out the hidden talent of budding researchers of this region.

5. Evidence of Success:

1. Based on the criteria laid down by the IQAC, the best research publications of the faculties are identified and published in the University publication unit, **Prasaranga** and as a token of **appreciation, certificates** are issued to the concerned Research scholars.
2. During the **last five years, more than 100 project proposals are submitted** to various funding agencies, like UGC New Delhi, DST-SERB, CSIR, DBT, ISSER, VGST Government of Karnataka etc. Research projects have been sanctioned from various funding agencies to several faculty members, both individually and also collaboratively. Further, to explore the innovative abilities of young teachers to develop prototypes, models and also to encourage them to involve in research related activities to the need of the society, University has sanctioned seed money in the name of DUSMYTR (Davangere University Seed Money to Young Teachers for Research) Project. **Forty-eight faculty members** have been recognized and availed seed money to carry out their research activities.

3. Research Collaborations and Linkages have been established to venture research prospective with Universities, institutions and industries in India and abroad through MoU's, the same has been reflected through collaborative research publications representing the contributing institutions.

6. Problems Encountered and Resources Required:

The University has recently recruited a good number of skilled faculty members for the vacant posts for most of the disciplines. In order to inculcate research bent of mind, the director office of the research has conducted many orientations and workshops on research methodology to create awareness about the code of conduct of research, publication ethics and plagiarism. The university had a lack of research laboratory space and equipment management for fresh recruits and steps have been taken to accommodate the research through inter laboratory and inter disciplinary collaborations. The university had a deficiency in research collaborations with reputed organizations. The research aspiring new recruits have ventured new opportunities to establish MoU's and Linkages with institutes and Universities of high global reputation. Earlier, there was a limitation in accessing e- resources to facilitate competitive research, which was addressed by establishing digital library which helps in accessing available e-resources through Inflibnet. In the recent past subdued response from various funding agencies has hindered the research projects. However, several discussions have been made to overcome these hurdles to promote research culture in the campus.

7. Notes:

A good number of quality research publications have been published in a globally recognized Scopus indexed journals with an impact factor ranging from 1 to 14 as research outcomes. The quality of the research output has been reflected in terms of National and International patents.

Best Practice No. : 2

1. Title of the Practice: Students' Mentoring System

2. Objective of the Practice

- To enhance students' self-esteem and academic performance by boosting their confidence and expanding their knowledge base.
- Providing assistance in determining the appropriate educational enrichment programme to build their career.
- Counselling to mentee's during Covid-19 Pandemic to provide moral support.

3. The Context

Mentor-mentee relationships are established with the goal of bridging the gap that exists between instructors and students and supporting students in both scholastic and personal issues. During the Covid-19 epidemic period, mentoring has shown to be a successful and popular method for giving much needed moral support, advice and assistance to students and their family. The effectiveness of mentoring also contributes to the achievement of programme objectives, which ensures continuity and stability throughout the time. Davangere University's mentor-mentee program's primary goal is to help students reach their full potential in both academics and the workplace by optimizing the abilities of each individual.

4. The Practice

Mentor-mentee Scheme is implemented in each department on the University campus, where a group of 15-18 students (depending on the department's demand ratio) are allotted by the Chairman to each faculty member within their department in the Department Council meet. They serve as mentors to the allotted students in the duration of the course. Mentors plan weekly sessions with these small group throughout the first two weeks of semester. Mentor

exposes novice students to university support systems, language, and academic standards and facilities available . This allows new students to embrace the challenges and opportunities that university offers, while making them aware of their responsibilities. Mentors will gather basic information such as medical conditions, native language, permanent address, educational information of the families, assistance in temporary housing, etc. Each mentor meets the mentees at least once a month. During these meets students may discuss academic and personal problems with their mentors. Additionally, the mentor counsels and advises the students on personal and academic matters. Mentors are also accessible through text, email, and mobile phone. The mentor will record each meeting on the Mentor Log Sheet and would take corrective/remedial measures in response to their mentees' issues by interacting with the local guardians of the students or by mentioning them in their subsequent monthly reports.

5. Evidence of Success

When the two-year journey of mentoring is nearing completion, a mentor's responsibility is to guarantee that his or her mentee has developed into a self-sufficient and self-managed individual and a socially responsible citizen. The student mentoring system that has been implemented at the institution is designed to assist students in their overall growth, including their academic achievement, career development, moving along the proper path, and remaining focused in relevant aspects. During Covid-19 pandemic, mentors were regularly monitoring their mentees about the status of their health, studies and other issues by giving more emphasis regarding their mental status. The same report has been submitted to the Registrar through the Chairman of the concerned departments.

6. Problems Encountered and Resources Required

When it comes to mentoring, it is important to have dedicated teaching assistants (assistance) that strive/s to assist students beyond the traditional classroom. All these mentors have been briefed on several occasions and trained to handle the

issues. The main task of mentors is to help the wards to express their problems and find a suitable approach to solve the same.

b. Administrative reforms'

E-Governance in administration examination and academics.

c. Teaching learning processes

The use of Information and Communication Technology (ICT) enabled teaching, web based teaching, continuous assessment through tests, assignments, seminar, quiz, group discussions, study visit etc.,

d. Knowledge delivery systems

- Endowment lecturers, workshops, seminars, faculty development programme, national/international conferences are organized by the university periodically.
- Faculty members are encouraged to participate in various academic/ research development activities.
- Research dissertation/thesis/reports are maintained centrally at University library.
- Teaching faculties are encouraged to operate research projects and outreach programs.

e. Examination and evaluation procedures

- Examination section is computerized.
- Internal Assessment/seminar/assignment marks are announced as soon as the academic gets over and before the commencement of Examination.
- Evaluation works of the examination starts immediately, soon after the completion of the respective papers.
- Central valuation system is adapted to speed up of the evaluation work.
- Online results are announced at the specified period of time.

f. Security components in examination documents

- All the examination related matters are carried out under the supervision of Registrar (Evaluation).
- Examination software is given to the outsource and security is maintained.
- All the examination futures are stored in the server.

g. Campus security

- Ex-Serviceman's are appointed as security guard's for campus security through outsourcing.
- Security Guard's have been deployed at all entrance gates of the University/Departments buildings.
- University is under the surveillance of CCTV.
- Security Guard's are patrolling the campus every hour.

h. Involvement of stakeholders in university development

All the stakeholders, without prompting, identified the issues as being critical to the future development of the university: They were:

- The quality of the courses being delivered
- The quality of the resources, technology and equipment that support the delivery of the courses.
- The quality of the academic staff who design and deliver the courses.
- Stakeholders are actively involved in curriculum development, which is a complex and iterative process with great number of activities.
- Faculty members are deputed to attend training programmes, orientations programmes and refresher courses for developing leadership qualities.
- Faculty members are entrusted with different kind of positions like Warden, NSS/NCC Officer, Students Grievance Cell, Office bearers of various boards, Placement Cell officers and etc.,

47. Special initiatives on which university proposes to leverage quality of educational services

- Faculty members are encouraged to adopt ICT based teaching techniques ensuring qualitative lectures.
- Successful implementation of NEP in the University at UG level to overhaul students to the modern world.
- Self Appraisal format and Feedback system adopted to maintain high standard in Teaching and Research.

48. Any other information to showcase the achievements of the university:

- Faculty members have obtained research grant from UGC, DST, VGST-KSTSP and robust research is nurtured.
- The University faculty members have obtained Best Research publications.
- Awards, IP awards and other recognitions from International /National/State and other agencies.

49. Vice-Chancellor's Views

- Davangere University has completed 12 years of inception catering the need of higher education through Teaching, Research and Development. The University prepare the students to imbibe knowledge in their respective disciplines. Our thrust is towards personality development and confidence, Capacity building activities among young energetic students. They are trained in communication and computing skills by using latest language learning modules. The University is working hard to achieve good grades from NAAC, NBA and good ranking in NIRF.
- Our very competent and highly dedicated members of faculty are constantly encourage to upgrade their qualifications and skills to vanguard for quality research and education.

- Enhance and expand the Universities civic engagement, collaborating with parents locally and nationally to improve educational, economic and cultural outcomes.
- Explore and create ways to continue educational innovation and quality by creating diverse partnerships with digital education system.
- My ultimate aim is to make Davangere University as one of the world-class universities by motivating our enthusiastic and hardworking teaching, non-teaching, research scholars and students team.
